

A member of the Physics Team of the OLMAN Laboratory at the Multidisciplinary Faculty of Nador-Morocco.

Organises at Multidisciplinary Faculty of Nador :

## The second annual meeting on Advances in Theoretical, Mathematical Physics and Related Areas

Nador Saturday 23/06/2018- Morocco.

### Topics:

- String theory
- Quantum Field Theory
- Gauge field theory
- Integrable models
- Noncommutative geometry
- Quantisation theory
- Algebraic geometry
- Cosmology and the early universe
- Quantum Gravity
- Physics Beyond the Standard Model
- Black hole thermodynamics

- Dark Matter/Energy
- Quantum Information and Quantum computing

### Coordinator of the meeting :

Pr.E.Y. DIAF, Multidisciplinary Faculty, Nador, Morocco

### Submission of abstract:

Authors are invited to submit their abstract by email at:

- [eldiaf@gmail.com](mailto:eldiaf@gmail.com)
- [najim.mansour@uit.ac.ma](mailto:najim.mansour@uit.ac.ma)

### Important Date:

Abstract submission :before June 22, 2018
